udemy, Online
Sep 2022 - Present

This training is based on MERN Stack technology which is one of the most popular user-friendly Full Stack Web Development structure. This training is based on project based learning.

Full Stack Web Development

udemy, Online
Sep 2021 - May 2022

This is full stack web development course which is based on many technology like HTML, CSS, Javascript, Bootstrap, Php etc.

PROJECTS

newsMania

Aug 2022 - Sep 2022

<https://github.com/Rastogiritik/newsmania.git>

I learn about react.js in this project. I have used the concept of react js in this project like hooks, props, state. I have also used react js routing in my project and I used the news data from Api which i use to show my news component.

My-Store (ecommerce website) using MERN stack

Oct 2022 - Present

<https://github.com/Rastogiritik/My-Store-E-Commerce-website.git>

I am currently working on this project.I have used MERN stack in my project.I am using Node js and it's frame work Express js on the backend of the website.I am also using React,Redux,Javascript, Html,Css on the frontend and Mongoddb as my database.
